Back to Normal?**

Acousticon Speech-Hearing Test*
gives the Scientific Answer!

More than anything else—the hard-of-
hearing want to hear human speech.
And now, after over two years of re-
search, the Acousticon Laboratory
brings them the scientific answer—
with the exclusive Acousticon Speech-
Hearing Test. This dynamic develop-
ment shows, by using the actual speech
sounds of the English language (1)
what your speech-hearing deficiency is
(2) what a hearing aid can do to bring
your hearing of speech to normal.

SNACKS CUT ACCIDENTS
Reduction of accident rates from
30 to 50 per cent in many war
plants can be traced directly to the
installation of up-to-date programs
of in-plant feeding on the mid-shift
and to the practice of providing
"snacks" between meals, according
to the War Food Administration.
The practice has also cut absten-
tism and stepped up production.

Menlo Park Council Debates Right of Veteran's Cabin

Shall Menlo Park relax its build-
ing regulations to permit a young
veteran of World War II, a former
submarine officer who saw two
years of action against the Japs, to
occupy a cabin "that resembles a
box" and fails to meet the city's con-
struction requirements?

The Menlo Park City Council this
week heard arguments for and
against granting a request from
Robert Sherman, former naval lieuten-
ant, for permission to live in his
cabin on property near Olive and
Santa Cruz Aves.

No action was taken, but Mayor
Donald Fisher advised Mr. Sherman
to secure the consent of neighbors
to his occupancy of the temporary
home, adding that the council
would do everything in its power to
see that he be allowed to make his
home in Menlo Park.

Max Mielke, acting building su-
perintendent, strongly advised the
council against granting the permit.
He stated that the cabin failed to
meet all the city building regula-
tions.

W. H. Gilson also protested
against Mr. Sherman's moving the
cabin onto property near his home.
He said that the cabin resembled
a box and that he would make
every effort to have it removed.

Mr. Sherman appealed to the
council to consider his case as an
emergency measure. He added: "The
people in the community owe some-
thing to the boys coming home. All
I'm looking for is a place to live
until the war is over. I've spent a
lot of money to bring this house up
here and I'm willing to sign an

Belmont Youth Center Banned

Denying use of the Belmont Hos-
pitality House as a youth center,
the board of directors of the organi-
zation at their last meeting ruled
that the constitution and by-laws
do not permit the building to be
used for any but service men and
Hospitality House functions.

Permission to use the Hospitality
House as a youth center had been
asked by Belmont residents who
pointed out the need for suitable
recreation facilities for children.
Several directors objected to use
of the house for children on the
grounds that the railroad right of
way created a safety hazard.

Eight signers of the Declaration
of Independence were foreign-born.

Site Sought Here For Plastic Business

E. W. (Ned) Butler this week an-
nounced that a San Francisco com-
pany has asked the Redwood City
Chamber of Commerce for informa-
tion on the possibility of establish-
ing a small plastic manufacturing
business in this city.

In a letter to the chamber of
commerce, the manager of the
company stated that "the machin-
ery and equipment for this plant
has been completed and we are in
need of a building approximately
7000 to 10,000 square feet in which
to house it."

The company is planning to start
operation by the middle of No-
vember if a suitable site is found,
Butler said.

Midnight Before the Day of Victory

Just as impatient Americans begin to go home from
football games before the final whistle (and sometimes
miss the deciding touchdown), many of us are now walking
out on the war.

General Somervell says that the increasing vio-
lence of our attack, the terrific expenditure of equipment, munitions
and ammunitions we must make in knocking out
Germany—and don't forget Japan—call for more and more
supplies.

He says that our home front production must reach
its peak on MIDNIGHT BEFORE THE DAY OF VICTORY.
Secretary Stimson says that the shortage of just ONE
vital item of supply might hold up our troops and delay
the victory and cost countless lives.

It's always a temptation to turn to the end of the book
and skip a few chapters—or to leave the office at quarter
of five.

In war, we gotta stay to the end. The fighting men
aren't going to quit until it's over. Are we?

*Bill, this war is almost
over. Let's go home*

TONY MARVIN SAID:
The other night, after Bill Henry's 5-minute news re-
port for J-M on CBS, Tony Marvin said:

"I've often been amazed at the knowledge Johns-
Manville engineers have of fireproof materials. Just the
other day, one was talking about asbestos. Asbestos, he
explained, is a fiber—just as cotton, wool and
flax are fibers. But asbestos can be divided
and sub-divided down to fibers one forty-
thousandth of an inch in diameter. That's
30 times finer than a human hair. Some
fibers as fine as silk thread are used in
spinning asbestos for textiles, while thicker
stronger fibers are used in asbestos shingles
and building materials. Johns-Manville re-
search engineers have taken full advantage
of this unique property of asbestos in de-
veloping more than a thousand useful pro-
ducts for home, industry and, now, our country at war."

AMERICANS WANT TO BE FREE
Even if collectivism worked, we would not like it. In
America, we have simply got to make individualism and
instinctive initiative work. We started a country of free
men, and it has worked pretty well. It has had its faults.
But let's cure the faults—not kill the freedom.

Community Chest-War Fund Total Passes Halfway Mark

Redwood City Community Chest-War Fund workers were coming down the home stretch today following announcement by Mrs. Evelyn H. Carlson, campaign secretary, that the half-way mark has been passed.

Including more than \$1500 which was turned in Tuesday, receipts show contributions of \$15,089.80 to the local 1944 drive, 54 per cent of the \$28,000 goal which had been set, Duncan Reynard, campaign manager reported.

Included in contributions received by headquarters during the past 24 hours was \$802 turned in by Dr. Summer Hardy's Woodside team: Albert F. Jordan presented the fund with \$85.76 donated by employees of Sequoia High School, exclusive of faculty.

Sequoia employees and Sequoia

teachers each received an honor scroll for 100 per cent participation. Don Kuffman, colonel for the teachers, reported collections totaling \$1031, while the faculty team, directed by Donald Cherry, received \$384 during its residential district solicitation, highest yet reported.

With less than a week to go, Reynard asked his canvassers to speed up their call-backs in order to assure a successful campaign by the time the drive ends Sunday.

He also asked persons who have not been contacted by canvassers to make their contributions at any local bank, or at campaign headquarters, 2120 Broadway.

Reynard added that money derived from the 1944 campaign will go to members of the United States fighting forces, United Nations relief, as well as the local agencies,

Light HOUSEKEEPING CLEAN LAMPS CONSERVE LIGHT • HAVE MORE LIGHT

- Clean lamp bowls, washed in warm sudsy water and dried shining bright like a china plate are an important "first" in fall light housekeeping.
- Retire blackened lamp bulbs from active duty. Replace with bright new bulbs. Use the old bulbs in basement, garage and other places of infrequent, short-time use.
- Replace small-size bulbs with right-size lamps for adequate, easy seeing. Do you know, for example, a 100 watt bulb gives 50 per cent more light than four 25 watt globes?

Floyd Baker Heads Red Men's Committee

Floyd Baker was appointed chairman of an organization committee of the Metamora Tribe 24, Improved Order of Red Men, at its meeting this week Henry Schroeder and James Waters were also named to the committee.

Plans are being discussed for a membership campaign. Baker reported, and further details will be brought out at the next meeting.

The organization also announced plans for formation of a Boy Scout troop to be sponsored by the lodge, and a committee will probably be named at the next meeting.

Charged With Robbing \$50 Wrist Watch

Roosevelt Styling, 34, Negro, 1327 Hancock St., was in the county jail here this week charged with robbing a \$50 wrist watch from Francisco Graza of Pescadero. Redwood City police, who arrested Styling, reported the alleged robbery took place on the street on El Camino Real at Hemlock St. at 8 p.m. yesterday.

Styling did not have the watch when he was apprehended.

Arrested for Failure To Pay for Support

Fred R. Heinecke, 56, marine engineer, here had been committed to the county jail here by Superior Court Judge Aylett R. Cotton until he makes payment of \$500 to his minor child.

Heinecke was committed for contempt of court, for failure to provide for the child, as ordered by the court. Heinecke, who was arrested at Novato, Marin County, last week by San Mateo County sheriff's deputies on a bench warrant is in arrears \$1495, Mrs. Esther L. Heinecke charges.

R.C. Democratic Headquarters Open

Redwood City Democratic headquarters are being opened on Broadway, across the street from the court house, San Mateo County Chmn. Edward J. Carrigan reported this week.

Menlo Park offices are being established at 654 Santa Cruz, Carrigan said.

With the opening of these two offices, the county now has six headquarters in operation. Others are in San Mateo, Burlingame, Daly City, and San Bruno.

Mead Describes Community Center Plans

BY R. W. MEAD

With the residential and industrial growth envisioned for this area within the next decade, the Redwood City City Council has taken steps to construct a community center that will not only meet anticipated needs, but be a source of pride and satisfaction to the residents of the city.

Thirty acres of land situated in the geographical center of population, less than a mile west of El Camino Real, has been selected, and steps taken to acquire the land. It is proposed to suitably land-

scape the site, and construct buildings designed in harmony with the environment and their contemplated use.

A swimming pool will be installed, baseball, football and volleyball fields, archery, handball and tennis courts built. A large grandstand will also be provided.

For the outdoor family gatherings typical of California life, barbecue pits, tables and benches will be supplied, and playgrounds, with equipment for younger children, constructed.

An open air dancing pavilion, and

community buildings for group gatherings of all age groups are contemplated.

Consideration is being given to locating the Veterans Memorial Building, with its large auditorium and meeting rooms, in the community center grounds.

As a proper setting for these structures, artistic landscaping is planned which includes the building of an artificial lake spanned by rustic bridges, planting of trees, flowers and ornamental shrubs, intersected by paved roads, parking areas, and equipped with modern

lighting and other essential facilities to complete a project that will contribute materially to the city's physical, mental and material welfare.

BRANCH LIBRARY

No better investment in community welfare exists than the opportunity for free and frequent access to good reading by young and old. The present library facilities are taxed to the utmost, with 80 per cent of the city's population availing themselves of its book borrowing privileges, involving an average yearly circulation of 118,265 books which is double the standard set for communities of comparable population.

Particular attention is directed by the staff toward providing suitable books and developing good reading habits among its young patrons, numbering more than 2000, and representing approximately 100 per cent of the city's child readers.

A branch library is an essential need. The \$30,000 provided in this program for a branch library in one of the outlying districts, is to supplement the \$20,000 H. W. Schaberg fund for expansion of library facilities.

The above is presented with the suggestion that serious consideration be given the projects covered, bearing in mind the present and future needs of Redwood City for

Mrs. Pond to Address Republican Women

Mrs. Edwin Pond, charter member of the California State Council of Republican Women, will discuss "A Way of Life," Friday when she addresses the San Mateo Council at its meeting in the Burlingame Woman's Club.

Mrs. J. McGinn, president of the San Mateo Council, will be hostess for the program, which includes a silver tea and social hour.

Bake these easily,
for October delight

TO MAKE this evening's dinner appetizingly different, why not bake some drop biscuits? Very little time is required!

DROP BISCUITS

Follow your regular 2-cup recipe for baking-powder biscuits, but use enough milk (about a cup) so mixture will drop from teaspoon on an ungreased baking tin. Bake in a hot oven (450° F.) for 12 to 15 minutes. Makes about 16 biscuits.

Even more appetizing drop biscuits result if you add (depending on personal tastes) 1/2 cup of raisins or chopped nuts or diced cheese to the mixture before kneading it. Or, use tomato juice instead of milk for the moistener!

And for dessert, how about

ICED APPLE DUMPLINGS

Using a standard pastry recipe, roll the pastry 1/4-inch thick and cut into 6-inch squares. Wash and peel 6 whole medium-sized cooking apples; remove cores and place one apple in the center of each pastry square. Fill each core-hole with brown sugar, and a dash of cinnamon and nutmeg, and 1/2 tsp. butter or margarine. Dampen edges of pastry, and draw up around apples, pressing securely together. With sharp tined fork, prick dough well all over. Place in well-greased drip pan. Bake in hot oven (450° F.) 15 minutes. Reduce heat to moderate oven (350° F.) and bake 45 minutes or until done, basting every 15 minutes with syrup made by boiling 1 cup granulated sugar, 1/2 cup water, and 2 tbsps. butter or margarine. When baked, frost tops immediately with medium-thick powdered sugar butter icing.
